Research Notes

Project: Project name
Date: YYYY-MM-DD

Question

What is the main research question?

What I did today

- Cleaned the data
- Checked variable definitions
- Re-ran the main analysis

Main finding

Finding: Write one clear sentence here.

Things to check

- ☐ Verify the sample size
- ☐ Check Table 2
- ☐ Reproduce the main figure

Code / files

Main script: `analysis.R`

```
# Example code block
model <- lm(y ~ x, data = df)
summary(model)
```

Next step

Write the next action here.
