Project Title

A short description of the project.

Folder structure

```
project/
|-- data/
|-- code/
|-- figures/
|-- tables/
`-- README.md
```

How to run the project

1. Put the raw data in `data/`.
2. Run `code/01_clean.R`.
3. Run `code/02_analysis.R`.
4. Check the outputs in `figures/` and `tables/`.

Main files

- `code/01_clean.R` - cleans the raw data
- `code/02_analysis.R` - runs the main analysis
- `figures/` - generated figures
- `tables/` - generated tables

Notes

Add any important assumptions, software versions, or data-access notes here.
